You've preyed on children
And those too weak
You're next in line
On our killing spree

It takes 13 letters
To spell your death
S-P-L-A-T-T-E-R-H-E-A-D-S

We've come to kill you
You've gotta die
You better run now fucker
Be glad you're still alive

It takes 13 letters
To spell your death

We've come and death is calling
The undead creep tonight
You've fucked up royally this time
Say good bye to your life

To spell your death
