Remember us?

We're the ones who made the party suck  
Change the music playing way too much,  
And then turned it off

And she was like there's no point to my entire life  
Well that sounds so bad but feels alright  
Maybe that's the point, don't relax we're not finished  
yet.

Tonight everything's going to change,  
She's broken in every way,  
Wasted nights turn into wasted days,  
But tonight everything's going to change.

Aiport Tags,  
She was gone but now she's coming back,  
I was worried but it's not that bad,  
Nothing much has changed.

So hang yourself in the bedroom at your parents house  
Watch as all your bestfriends gather round,  
And you might feel loved, don't relax we're not finished  
yet.

Tonight everything's going to change,  
She's broken in every way,  
Wasted nights turn into wasted days,  
But tonight everything's going to change.

Don't relax we're not finished yet  
Tonight everything's going to change  
She's broken in every way  
Wasted nights turn into wasted days  
But tonight everything's going to change

Tonight everything's going to change  
Tonight everything's going to change
