Underneath the table is a truss, key  
A map marked where you're due  
But you better look out  
Oh garde bien mon dure

It's time to make your final escape now  
Hole up in a barren waste  
You'll stop caring  
Who'll love this wild place?

Oh runaway, runaway my love  
Oh getaway, before it's too late

My heart is suffering like an opencast mine  
Underneath the star ellipted skyline  
Your love was something like an open gas pipe  
Tear tracks were turning into salt mines

Underneath the pile of paper there is a play pit  
We'll lay our fiber optic cables in it  
And we can look close  
And we can search in the details

Take a horse driven ride out way into the snow  
And if you ever really get there let me know

Oh runaway, runaway my love  
Oh getaway, before it's too late

My heart is suffering like an opencast mine  
Underneath the star ellipted skyline  
Your love was something like an open gas pipe  
Tear tracks were turning into salt mines

My heart is suffering like an opencast mine  
Underneath the star ellipted skyline  
Your love was something like an open gas pipe  
My tear tracks were turning into salt mines
