Sacrifice your eyes to blindness
Looking to the hills and chaos and destroy yourself
You are unworthy of
Breathe in the air

You gotta beat it out, gotta beat it out yourself
Breathe in time to the rhythm in the well
Gotta lose yourself, gotta lose yourself to it
Be in mind don't be in touch with it

And don't place yourself before the bushman
A fungal farm
And don't raise yourself up above the Inuit or Gorilla

You gotta beat it out, gotta beat it out yourself
Breathe in time to the echo in the well
You gotta scare yourself 'till you don't know where
you're at
Give it up, there is no why
Ever lost in love, ever lost in time
Ever lost your mind, there is no why
I don't believe in you but you believe in me

Ah ha

You're an animal you're a homorapien
There it is but you don't know where it is
Elevated primatemaia
And you can't stop dancing till you call an ambulance...

The human nature show has got no place to go
It's all just effigies and girls in magazines

I'm crawling out of my head, not getting anywhere
While you were getting down just like an animal

Gotta lose yourself, gotta lose yourself to it
Gotta rock in time time back to 798
Gotta lose yourself, gotta lose yourself to it

Now you're coming down, so you bring it down, down
