Are you gonna live or die
Are you gonna live or die
Are you gonna be alright
Are you gonna live or die
Are you gonna be alright

5 Young Men went for a walk
Sat on a treestub and had a talk
It takes a thing to be a man these days
Nobody's scared but we hide anyways

We're almost there
And now it's coming back to me
Now, we're almost there
So are you coming back to me

Are you gonna live or die
Are you gonna live or die
Are you gonna be alright

Shattering your (?) settle your loans
Get on a slow boat to Mexico
Talking to rain (?) little cloud
Take a (?) with the tongo man

Open the door, we've gotta see just what it's for
Now we're almost there
So are you coming back to me

I'm not afraid of the big black bear
Only humans make me scared
I'm not afraid of misery
My life is a vapor and you can't break here
No taste or understanding of the walking
In her macro
Let it show in her bathrobe
Let her know
Let it rip!

Five young men went for a walk
Sat on a treestub and had a talk
It takes a thing to be a man these days

Nobody cares but everyones caring
Ohhh these days
Ohhh

Now we're almost there
It is (?) natural

Are you gonna live or die
Are you gonna live or die
Are you gonna be alright
Are you gonna live or die
Are you gonna live or die
Are you gonna be alright
Are you gonna live...or die
