She picked the black balloon  
And tied her head on it  
To tre et to tre et to tre  
And under dark white skies  
She tied her hands to  
Three four two three four two three four  
Do we belong ?  
Do we belong ?  
Rd ballon grn ballon gul ballon  
Do we ?  
From far away  
She looked down at us  
But were too gone to say  
Goodbye, goodbye, goodbye  
Do we belong ?  
Do we belong ?  
Rd ballon grn ballon gul ballon  
Mosquitoes grow big  
And smashed her heads into it  
To tre et to tre 1 2 3  
Do we belong ?  
Do we belong ?  
De we?
