She picked the black balloon
And tied her head on it
To tre et to tre et to tre
And under dark white skies
She tied her hands to
Three four two three four two three four
Do we belong ?
Do we belong ?
Rd ballon grn ballon gul ballon
Do we ?
From far away
She looked down at us
But were too gone to say
Goodbye, goodbye, goodbye
Do we belong ?
Do we belong ?
Rd ballon grn ballon gul ballon
Mosquitoes grow big
And smashed her heads into it
To tre et to tre 1 2 3
Do we belong ?
Do we belong ?
De we?
