Leave me alone
Leva me alone to sado so solo
I light of the night I saw a black swan fly
Surrounded all sorrow I knew then that love was gone
Under the sea I swam into the moon
And burried my bones in the heartache lagoon
Leave me alone leave me alone
Leave me to sado so solo
Leave me to sado so solo
Take off your skin and let light in
Feed the flames to burn out memory
I stay in the distanve I dive in my owm
Drag me to the heat drag me to the hole of my gravity
Leave me alone leave me alone
Leave me to sado so solo
Leave me to sado so solo
All knowledge has grown destroyed all I've known
Keeps preachin' keeps preachin' keeps preachin'
Leave me to sado so solo
Leave me to sado so solo
Sado sado solo
