Old raven who did steal the glow ?
It might be the long lost love
In memory of touch
I know it is Mor Hulda
In her neon yellow socks
Consume me
Old raven who did steal the glow ?
I seem to hear the Krymelyr
Having hunger lower land
The power zoomer mobile
Automaniac mutamt
Old raven old raven old raven
Consume me
Old raven who did steal the glow ?
Maybe it's the memory
Reminding me of me
The traffic Tango singing
Killer mean machine
Consume me
Old raven who did steal the glow ?
Follow me to sleep
When meat turns porcelain
Digital daydream
Electric tears in veins
Consume me
