Jeg dykker dybt ned ved vandliljer,  
I en tanketom tanketomhed.  
Overflade fisk kigger ned p? mig.  
I dr?ber d?r jeg.  
Blandt bobler ser jeg dig blande blod.  
Salige sandrytmer tager os dybere, kun dybere,  
Kun l?ngere ned.  
Over verdens opvask, ser jeg Neptun  
Ved besked, med mig.  
I dr?ber d?r jeg.  
Blandt bobler ser jeg dig.v Blande blod.  
Vi blander blod. Vi blander blod.  
Vi voldtager sl?vt hinanden  
Og lander bl?dt p? bunden,  
Filtrerer os i favntag, af dybhav dybets sved.  
I dr?ber d?r jeg.  
Blandt bobler ser jeg dig. Blande blod.  
Vi blander blod. Vi blander blod.  
In a thoughtless time  
I'm diving deep down waterlilies  
Surfaceless looking down upon me  
I die in drops of water  
Between bubbles I see you  
We're mixing blood  
Soulful sand rhythms lead us deeper and deeper down  
Over world's wash-up I see Neptune  
He knows about me  
In drops I die between bubbles  
I see you mixing blood  
Sluggishly we rape each other  
And land softly at the bottom  
We filter ourselves in embraces of deep sea sweat  
Souldful and rhythms
