Almost everyday.
I hear the things they say.
Always being rude.
Going with the multitude.
I pray you to keep me strong.
I know what's right and wrong.
Keep me from lashing out.
Go against the crowd.
(((Chorus))):
Go against the crowd.
Go against the crowd.
Go against the....
Go against the....
Go against the crowd.

Go against the crowd.
Go against the crowd.
Go against the...
Go against the....
Go against the crowd.
You need to make a change.
You need to rearrange.
You can't be like them.
You gotta be different.
No more foul words.
No more racial slurs.
No more giving in.
Go against the crowd...
(((Chorus)))
