Put your faith in something real (2x)
Pretty people with false hopes.
Pretty people with lost souls.
Yeahhhhh...
Faith in money won't last.
Faith in sex leaves you empty.
Faith in people yields frustration.
Faith in God happiness.
Yeahhhhh...
(((Chorus))):

Shut up sit down.
Father faith.
Son hope.
Ghost love.
Walk yourself right over here.
Leave your ego and your pride.
Set your worries at His feet.
Faith in something real real.
(((Chours)))
Put you faith in something real (4x)
Real (4x)...
