Hey you there
How are you doing?
Can I ask you something?
Are you dead or alive?
I see you running through the night
And like always you eat and you are watching tv
You don't look that good or is something wrong with
me
I cannot wait until you operate
Now you hide in the bed
And you're not coming out
Why is it so hard now?
Do you want me to get loud?
Do you want me to wash it out
For you tonight?

When you're drifting slowly away
I'll be here to keep you the day
With fire in my eyes
I'll be like fire in your eyes
When you hide yourself from the light
I'll be here to burn you inside
With fire in my eyes
I'll be like fire in your eyes
When I just keep on falling up with all my love

Somebody put me on a hot track
Just won't let it go
A fire injection
You gotta let me go
So I can move you real slow

I wanna see
I wanna see
I wanna see the fire in your eyes

Can you give me
Can you give me
Can you give me the fire in your eyes

Come on!

I really need to the sunshine of you...
