"Money & Milk"

Visit "[Money & Milk](#)" on MotoLyrics.com

You want to live so perfect
In a world of money and milk
Your time goes by
It's so sad to see
Exposed to lose your ground
I'll never be around

You don't try enough
So you won't get it
You don't try enough
You never get it

Perhaps we live in paradise
And maybe no one cares
Oh, miracles everyday, everywhere
All the little fates, you don't see
I'll never let them down
They'll never be around

You don't try enough
So you won't get it
You don't try enough
You never get it

You don't try enough
You never get it
'Cos you never get it

You don't try enough
You never get it
You don't try enough
You never get it

Don't you get enough?
I will never get it
'Cos I never had it
