You gave me wine
to poison me
and take away my time
I can hear you cry
I wonder why

cause Nothing is good
I can't explain
falling down and caught up the rain
I turn myself into changes
the night I kissed you goodbye

You want to live a lie
and I'm pretty in scarlet
come on
you want to wash it down
and I'm pretty in scarlet

Come come try
draw your scale
try to make it special
don't throw it all away
the time might be untrue
don't screw the day theres
something more to do

You are so special
you are a special germ
you are so special
in a restless world

You want to live a lie
and I'm pretty in scarlet
come on
you want to wash it down
and I'm pretty in scarlet
I turn myself to say goodbye

You want to live a lie
and I'm pretty in scarlet
pretty in ..storm

You want to live a lie
and I'm pretty in scarlet
pretty in ..storm

It's o.k.
it doesn't count
found my place
a deeper sound
let me dive alone
let me dive alone

Poor poor fame
still insane
buy me a ticket
to get and go away
the world in my pocket
shows me a way
out of empty secrets
no more yesterday

You are so special
you are a special germ
you are so special
in a restless world

Are you ready
to attack the storm
(What?)

Are you ready
to attack the storm
(What?)

are you ready
are you ready

pretty in ..storm
pretty in ..storm

I agree it's enough to be just me
silently theres a private symphony
I'm lying here with some monsters in my bed
I'm crying here with some monsters in my head

I'm lying here.. (pretty in ..storm)
I'm crying here.. (pretty in ..storm)
I'm lying here.. (pretty in ..storm)
I'm ready to run with the storm

You want to live a lie
and I'm pretty in scarlet

come on
you want to wash it down
and I'm pretty in scarlet
I turn myself to say goodbye
