### "Stay"

You don't believe in God  
You don't believe there's an end  
Universe is emptiness  
And emptiness we know well

I feel that you are hurting  
Everyone and yourself  
When love is all I've got to give  
Take what you need but take care

I feel no one to get (?)  
Tells me body  
It can't be wrong  
The story goes on

Stay, stay where the eyes are alive  
I feel so and so and so and so  
You run away to  
Stay, stay where the eyes are alive  
Feel so and so and so and so  
Run away to play and lie

You have a certain wish  
It's something deep in your mind  
Universe is emptiness  
Emptiness driving my life

I feel how you are moving  
Slow the way they don't last  
If love is all I've got to give  
Take what you need but take care

Stay, stay where the eyes are alive  
I feel so and so and so and so  
You run away to  
Stay, stay where the eyes are alive  
Feel so and so and so and so  
Run away to play and lie

Stay, stay where the eyes are alive

Stay, stay where the eyes are alive  
Run away to play  
Run away to play and lie
