To be with you
you're so sweet
your naked body lies next to mine
and were here
within touching you're skin with my eyes
Im a river so deep in your arms
sharin the same heart
within don't let me be one of your stars

cos I live all the dreams you dream
and I see all the things you need
(youve been down with me
Im to close to leave)

Enemy
seem to be
do you really think that you want me
coming through
into my heart
touching my soul here I start
don't talk when all words aint enough
act like my man
we know life is rough
within hold on when time seems to stop

cos I live all the dreams you dream
and I see all the things you need
(youve been down with me
Im to close to leave)
animating the sin in me
when Im with you I leave reality

I let in
I let i the sin
I let in
I let i the sin...
youve been down with me
now Im to close to leave

cos I live all the dreams you dream
and I see all the things you need
(youve been down with me

Im to close to leave)
animating the sin in me
when Im with you I leave reality
