To be with you, you're so sweet
Your naked body lies next to mine
And we're here within
Touching your skin with my eyes

I'm a river so deep in your arms
All alone sharing the same heart within
Don't let me be one of your stars

'Cos I live all the dreams you dream
And I see all the things you need
You've been down with me
I'm too close to leave

Enemy it seems to be
Do you really think that you want me?
I'm coming through into my heart
Touching your [Incomprehensible]

Don't talk when all words ain't enough
Act like my man, we know life is rough within
Hold on when time seems to stop

'Cos I live all the dreams you dream
And I see all the things you need
You've been down with me
I'm too close to leave

Animating the sin in me
When I'm with you, I leave reality
You've been down with me
I'm too close to leave

I let in, I let in sin
'Cos I let in, yes, I let in sin
You've been down with me
I let in sin, today I let in
Now I'm too close to leave

'Cos I dream all the dreams you dream
And I see all the things you need
You've been down with me

I'm too close to leave

Animating the sin in me
When I'm with you, I leave reality
You've been down with me
I'm too close to leave

'Cos I dream all the dreams you dream
And I see all the things you need
You've been down with me
I'm too close to leave

Animating the sin in me
When I'm with you, I leave reality
You've been down with me
I'm too close to leave
