Look at this boy  
he wears my underwear  
He looks good in it  
Or I see you  
more that

We drop the pants  
and I wanna get down with him  
As he take my arms  
to put some socks with it

Here we shock the neighbours  
Here we play with favor  
Now I set your fire  
Now there is desire

So play me good,  
and don't get me raw  
It's sunday morning and we are alone  
Letting the dogs out  
and drive you crazy  
Set the fire to creep over me

I wanna down on my knees, boy  
To hear you cry my name

I say yes and you say no  
the red light's on,  
We better control  
He wanna get close and dance  
as with high heels on  
So do I look good?  
Yeah you call me now

Here we shock the neighbours  
Here we play with favor  
Now I set your fire  
Now there is desire

So play me good,  
and don't get me raw

It's monday morning and we are alone  
Letting the dogs out  
and drive you crazy  
Set the fire...

I wanna down on my knees, boy  
To hear you cry my name

Look at this boy  
he wears my underwear  
He looks good in it  
We drop the pants  
and I wanna get down with him  
As he take my arms

Do you want to be  
I wanna be your baby  
Lock the door with the key  
I wanna be your baddy

I wanna down on my knees, boy  
To hear you cry my name

To be a creep over me

Look at this boy
