

Guardian "Sweet Mystery"

Visit "[Sweet Mystery](#)" on MotoLyrics.com

Looking back at my old school
I think of the things I used to do
And I remember those crazy days gone by
Sometimes I wish I could go back in time, I'd be
changing what was then
But after everything's been said and done I'm glad you
are my friend

And it's a sweet mystery
That you love me like you do
Oh, it's a sweet mystery to me

Little boy that my mamma knew Became a full grown
man

I live my life like you taught me to
You know I try the best I can
And your tender love is so much more than the naked
eye could see
When my daddy said I love you boy, you know it meant
the world to me

And it's a sweet mystery
That you love me like you do
Oh, it's a sweet mystery to me

I feel you sweet sweet love
I feel your sweet love
