There's a club that I go to
Where this girl drives me wild
I fell for her right on sight
With a wink and her smile

I've been searching for a long time, honey
For a girl like her
She's got what it takes for me
To make my world

You're the girl that I need
You make me feel at ease
(Ease)
I'll satisfy all your needs

I got plenty
(He's got plenty)
Plenty of lovin' for you
Don't you know I got plenty
(He's got plenty)
Plenty of lovin' for you

She gave me her number
I said I'll give her a call
She's not just a hot little number
'Cause she's the belle, the belle of the ball

I've been thinkin' about you
Every day and night
I'm gonna take you far away
To make your love feel right

You're the girl that I need
You make me feel at ease
(Ease)
I'll satisfy all your needs

I got plenty
(He's got plenty)
Plenty of lovin' for you
Don't you know I got plenty
(He's got plenty)

Plenty of lovin' for you

I got plenty
(He's got plenty)
Plenty of lovin' for you
Don't you know I got plenty
(He's got plenty)
Plenty of lovin' for you
Plenty of lovin' for you

I got plenty
(He's got plenty)
Plenty of lovin' for you
Don't you know I got plenty
(He's got plenty)
Plenty of lovin' for you

I got plenty
(He's got plenty)
Plenty of lovin' for you
Don't you know I got plenty
(He's got plenty)
Plenty of lovin' for you

I got plenty
(He's got plenty)
Plenty of lovin' for you
Don't you know I got plenty
(He's got plenty)
Plenty of lovin' for you
Plenty
