Well, the night's begun and you want some fun
You think you're gonna find it
(Think you're gonna find it)
You got to treat yourself like number one
Do you need to be reminded
(Need to be reminded)

It don't matter what you do or say
Just forget the things that you've been told
We can't do it any other way
Everybody's got to rock and roll

Shout it, shout it, shout it out loud
Shout it, shout it, shout it out loud

If you don't feel good, there's a way you could
Treat the broken hearted
(Treat the broken hearted)
Call all your friends in the neighborhood
Get the party started
(Get the party started)

Don't let 'em tell you that there's too much noise
They're too old to really understand
You'll still get rowdy with the girls and boys
Time for you to take a stand

Shout it, shout it, shout it out loud
Shout it, shout it, shout it out loud

Come on everybody
Shout it, shout it, shout it out loud
You've got to have a party
Shout it, shout it, shout it out loud

Turn it up louder
Shout it, shout it, shout it out loud
Everybody shout it out
Shout it, shout it, shout it out loud

Hear it gettin' louder
Shout it, shout it, shout it out loud

Turn it up, turn it up
Shout it, shout it, shout it out loud

You've gotta shout it out now
Shout it, shout it, shout it out loud
Got to have a party
Shout it, shout it, shout it out loud

Shout it out loud
