She is the light, our dreamworld Messiah.
Believe in her might and shell pave the way.

She is the saviour of us all.
Standing behind her. Standing tall.
Shes a messiah of our time.
Leaving our old world far behind

Our righteous path forever on.
Victorious and strong.

She is the light, our dreamworld Messiah.
Believe in her might and shell pave the way.

Watching our future bright ahead.
Our enemies torn to shred.
Mysteries of time will unfold.
Our escapade wont go untold.

Our righteous path forever on.
Victorious and strong.

She is the light, our dreamworld Messiah.
Believe in her might and shell pave the way.
