What only you know  
What only you can see  
What only you can be  
Then Ill be a God

Staring at this abstract world. Where am I now?  
Always present, never here. What is this world?

Souls - dreams, everywhere. I will reap them all.  
All this power, Im overwhelmed. It will be mine.

[Chorus:]  
Show me what lies beyond  
Show me what I cant see  
Guide me inside the warmth  
Be my guide towards the light  
What only you know  
What only you can see  
What only you can be  
Then Ill be a God

Darkest pacts, Atrocities, Awaits the world.  
God have mercy on your souls.

[Chorus repeat]

[Delacroix:]  
"I see now how I came to be.  
My legacy is power divine.  
I will endure, I will prevail.  
Phoenix Rising, paragon of might."

God rewritten!

[Chorus repeat]
