"I Sinner"

Call from angels. Hear the roar. I cant grasp what its
all for.
Laying siege on my mind. Exaltation of my mind.
I have plunged into a well. Give them all a private hell.
Effectuate my crime.

And thats the story of my life. And I will not repent.
Follow where her wind blows.

[Chorus:]

I am the sinner but Im alive.
Answer the call through the fabric of time
I am the sinner but Im alive.
Answer the call through the fabric of time

Now she tells me to collect. Give me words I cant
neglect.
I live in a twilight. I live between these worlds.
Shes keeping me alive in my quest to revive the family
of light

And thats the story of my life. And I will not repent.
Follow where her wind blows.

[Chorus Repeat]
