Baby you don't have to treat me all anti
Why you wanna put me on standby
I can't lie, girl you're hotter than a campfire
We can stay up all night like vampires
Compliment each other like burgers and french fries
In the last minute I done thought about you 10 times
Fine on the out but she pretty on the inside
And every since she left it's like my heart died

Baby I think you can bring out Gucci's other side
She said how you don't you trust me you did a
homicide
Then said I got a boyfriend who I can't put aside
Even though the grass so much greener on the other
side
And every man like what he can't have
It's funny but I can't laugh (ha)
Baby girl so bad, dis me but I aint mad
Why you wanna tease me
You should wanna squeeze me
Homie aint the kid, baby he could never be me

Why you wanna go and act anti-social
Bet your man don't know you like I know you soldier
Maybe one day babe you gon get your mind right
And if you looking for me you can find me in the lime
light

Baby you don't have to treat me all anti (why)
Why you wanna put me on standby
I can't lie, girl you're hotter than a campfire (hot)
We can stay up all night like vampires
Compliment each other like burgers and french fries
In the last minute I done thought about you 10 times
Fine on the out but she pretty on the inside (mwuah)
And every since she left it's like my heart died

Once upon a time a long time ago
I had a bitch but she felt she had to let me go
Called me out cuz she can't buy cheap shit

Yeah you got talent but Imma bad bitch
Now when I see her shorty whole swag switched
I walk right by her like she don't exist
Her car broke down and it can't get fixed
Her swag broke down and her bag counterfeit
Well Damn!
Dats not Gucci, baby that's flucci
Remember 2000 you was acting all bougie
9 years later and you're best friend choosin (mwuah)
I scooped her in my phantom and I took her to the
movies (yeah)
Damn
Gucci don't gotta act anti
Told her she can have me when she want that's when
she fantasized
Now I can't talk to her cuz I got that man pride
Ever since I left baby girl told me her heart died (Gucci!
)

[MYLAH:]

Excuse me if I sound a little crazy
But just wanna be good to my baby
Cuz he been holding me down
He give me everything I don't need no one around
But you're saying you can give it to me better
Give me hot like it's July and I'm rockin' a sweater
Just for hitting the road
Would you women let go
Say you got 20/20
Her man's 2004
Maybe I'll give you a try
And keep it low
You ride
Something like, a test drive
See baby I aint so anti
