## "Antisocial"

(feat. Mylah)

### [HOOK]

Baby you dont have to treat me all anti  
Why you wanna put me on standby  
I can't lie, girl you're hotter than a campfire  
We can stay up all night like vampires  
Compliment each other like burgers and french fries  
In the last minute I done thought about you 10 times  
Fine on the out but she pretty on the inside  
And every since she left its like my heart died

Baby I think you can bring out Gucci's other side  
She said how you dont you trust me you did a homicide  
Then said I got a boyfriend who I can't put aside  
Even though the grass so much greener on the other  
side  
And every man like what he can't have  
It's funny but I came at  
Baby girl so bad, dis me but I aint mad  
Now you wanna tease me  
You should wanna squeeze me  
Homie aint the kid, baby he could never be me

How you wanna go and act anti-social  
Bet your man dont know you like I know you soldier  
Maybe one day babe you gon get your mind right  
And if you looking for me you can find me in the lam

### [HOOK]

Baby you dont have to treat me all anti (Why)  
Why you wanna put me on standby  
I can't lie, girl you're hotter than a campfire (Hot)  
We can stay up all night like vampires  
Compliment each other like burgers and french fries  
In the last minute I done thought about you 10 times  
Fine on the out but she pretty on the inside (Muah)  
And every since she left its like my heart died

Oh Damn  
Once upon a time a long time ago

I had a bitch but she felt she had to let me go  
Called me out coz she cant buy cheap shit  
Yeah you got talent but I'm a bad bitch  
Now when I see her shorty whole swag switched  
I walk right by her like she don't exist  
Her car broke down and it can't get fixed  
Her swag broke down and her bag counterfeit  
Oh Damn!  
Dats not Gucci, baby that's floochy  
Remember 2000 you was acting all boozie  
9 years later and you're best friend choosie (muah)  
I scooped her in my phantom and I took her to the  
movies (yeah)  
Damn

Gucci dont gotta act anti  
Told her she can have me when she want  
Thats when she fantasized that I can't talk to her coz I  
got that man pride  
Ever since I left baby girl told me her heart died  
(Gucci!)

Excuse me if I sound a little crazy  
But just wanna be good to my baby  
Coz he been holding me down  
He give me everything I don't need no one around  
But you're saying you can give it to me better  
Give me hot like it's July and I'm rockin' a sweater  
Just for hitting the road  
Would you women let go  
Say you got 20/20  
Her man's 2004  
Maybe I'll give you a try  
And keep it low  
You ride  
Something like, a test drive  
See baby I get so in time
