I just bought a brand new
I'm bout to run the mile
So sharp it caused an accident 30 car pile up
I don't like used cars I like brand new
I don't like old shoes I like brand new
Fuck her one time then I go and get a brand new
Brand new everything jeans shirt los too
Brand new Gucci mane acting brand new
Fuck you yeah bitch I'm acting brand new

Everything new, hat to the socks
Feeling like brand new like the pulled me out the box
Crazy color white and blues blinging up my watch
It's ? n it cost 100 rocks
Feeling brand new cowabunga dude
California Kush pack stanking up my shoes
Disrespect my crew you might end up on the news
But that aint nothing new so don't act like you're
confused

I just bought a brand new
I'm bout to run the mile
So sharp it caused an accident 30 car pile up
I don't like used cars I like brand new
I don't like old shoes I like brand new
Fuck her one time then I go and get a brand new
Brand new everything jeans shirt los too
Brand new Gucci mane acting brand new
Fuck you yeah bitch I'm acting brand new

Say my head getting big and my chest poked out
You can smell that burning rubber parking lot smoked
out
Nothing ever stays the same out with the old in with the
new
This is true so you can go man and get another coupe
I need another hoe my other hoe was the truth

I had to let her go she kept nagging bout my goons
I been ? to the floor I told her pack her shit and move
Now I'm single once again looking for me something
new

I just bought a brand new
I'm bout to run the mile
So sharp it caused an accident 30 car pile up
I don't like used cars I like brand new
I don't like old shoes I like brand new
Fuck her one time then I go and get a brand new
Brand new everything jeans shirt los too
Brand new Gucci mane acting brand new
Fuck you yeah bitch I'm acting brand new

Brand new everything everything new
Cocaine colored air ones newer then a fool
Igloo on my neck and its bluer than a pool
I stay fresher than the first day of cram night school.
Look at him look at her watching her moves
That's my bitch everything on her new
I don't buy em used I just like em new
I'm smoking on that fruit while I'm getting interviewed

I just bought a brand new
I'm bout to run the mile
So sharp it caused an accident 30 car pile up
I don't like used cars I like brand new
I don't like old shoes I like brand new
Fuck her one time then I go and get a brand new
Brand new everything jeans shirt los too
Brand new Gucci mane acting brand new
Fuck you yeah bitch I'm acting brand new
