(Intro)

I can't see it if it don't look like no dollar sign  
I'm real stiff on niggas  
DJ Spinz, DJ Scream, Gucci Mane  
Ain't nobody fuckin with this money

(Verse: Gucci Mane)

I done robbed nigga, been robbed nigga  
I done shot nigga, been shot at nigga  
If you love yo nigga, shoot far fo yo nigga  
Cuz walk on my nigga, I die a hood nigga  
Put 75 on this Rollie, tow the 4-5 like the police  
If I'm a ho come show me  
Big Gucci OG like 2 key  
It's turn the watch in like Pooky  
Then I'mma gonna have to kill a junkie  
Since it ain't no snitch to the air my nigga  
He cannot be my role model  
Lil big Meansy, like John Gudda  
I ain't never told on nobody  
Shot til drops but no body  
Believe rain such a hit and make you think about it  
I'm cancerous, I'm the dangerous  
And I don't need no nigga, I can handle this  
I got good aim, I don't panic quick  
And I have a nigga front row candle lit  
Like don't say you wanna rob nigga  
With me, you probably on the same shit  
This ain't a lick and I don't know ya  
Fore I shake yo hand I put a hole in ya

(Hook: Gucci Mane)

You ain't gon bring up my bread nigga?  
Can't interfere with my money  
I'mma put a charge in yo head  
Can't interfere with my money  
Heard you snitchin to the feds, nigga  
But it can't interfere with my money  
I ain't got time to be playin wit ya  
Cuz it can't interfere with my money  
Heard you ain't got no money no mo

But it can't interfere with my money  
Say that you runnin up on me nigga  
But it can't interfere with my money  
Fronted you some and you still ain't paid  
But it can't interfere with my money  
Like on my bitch I'm gonna let you play  
But it can't interfere with my money

(Verse: Gucci Mane)

Scoo up game like the trap game so you can't  
interfere with my money  
See these rap niggas like lil kids, when you do wrong  
you get punished  
I'm a emcee but don't front street, these fuck  
niggas ain't 100  
Got market list on my hadguns so my knife whole bout  
200  
Seen the Youtube bout a nigga said that he gonna do  
me damn runnin  
But the only thing he gonna do is start runnin when I  
start gunnin  
Fore I talk to ya I'm bustin at ya  
Really rush upon you, crack your bone marrow  
Less your brother be a polar bear  
Shoot you in the head like cousin Harold  
All my niggas got pistols on em, all my guns got the  
snitches on em  
Take fair rubber to a victim homey  
And no witnesses to be snitchin on me  
Said that nigga died with that pistol on him  
Choir sing, taking pictures on him  
Had a wake, funeral and a shower for him  
When you see a nigga lay a flower on him

(Hook: Gucci Mane)

You ain't gon bring up my bread nigga?  
Can't interfere with my money  
I'mma put a charge in yo head  
Can't interfere with my money  
Heard you snitchin to the feds, nigga  
But it can't interfere with my money  
I ain't got time to be playin wit ya  
Cuz it can't interfere with my money  
Heard you ain't got no money no mo  
But it can't interfere with my money  
Say that you runnin up on me nigga  
But it can't interfere with my money  
Fronted you some and you still ain't paid  
But it can't interfere with my money  
Like on my bitch I'm gonna let you play  
But it can't interfere with my money

(Verse: OG Boo Dirty)

On them gangstas I wanna be, mobbing to the 3rd  
degree  
No nigga gon fuck with me, I keep them shooters round  
me  
And I don't really fuck with niggas  
So why the fuck they tryin me?  
My hand where your 9 be, 2 shots through your alley  
You rat niggas getting this through this line, glad I'm  
a trap nigga  
Million strap nigga, brains in yo lap nigga  
OG of my city, check my status nigga  
Shootin like John Paxton nigga, my goons automatic  
nigga  
When it's time to ride out, my niggas don't hide out  
Choppas in the hideout  
Time to break the iron out  
We killin for them rubber bands  
Amen like Afghanistan  
Pull up in the Hummer truck  
Then fat out like I'm Drumma Boy

(Hook: Gucci Mane)

You ain't gon bring up my bread nigga?  
Can't interfere with my money  
I'mma put a charge in yo head  
Can't interfere with my money  
Heard you snitchin to the feds, nigga  
But it can't interfere with my money  
I ain't got time to be playin wit ya  
Cuz it can't interfere with my money  
Heard you ain't got no money no mo  
But it can't interfere with my money  
Say that you runnin up on me nigga  
But it can't interfere with my money  
Fronted you some and you still ain't paid  
But it can't interfere with my money  
Like on my bitch I'm gonna let you play  
But it can't interfere with my money
