[Verse 1:]

Hey if I'm flying down 20
Then it's purple what I use
4 till I drive it then I throw that bitch a coupe

Throw stupid car alarm I know every spot to do it
Ain't no talking in my car
Bitch that's what that new is
For that kush smell, you would stop
Thank the cop, handicapped
Now a nigga my roofie gone
Sister got me picky 'cause I'm 4 how I used to roll
Chevy black and white like the I love Lucy
Throw me up out the way
I think I brought the 40 way
Get uncle said Jay 'cause it take all my money
Partner frontin, grinding in that phantom on black
In that 5 50 K with the camera in the back of the benz
baby

[Hook:]

Here baby
Not a lesson, poppin' out your free baby
It's quite impressive
I point it out of my rims baby now I'm flexin
Talk the whole of in those heels baby
Now she naked
She wanna fuck me 'cause she love the way my car
smells
She wanna fuck me 'cause she love the way my car
smells
Night over night but I earn my stripe feel like Garfield
She wanna fuck me 'cause she love the way my car
smells

[Verse 2:]

Your bitch make a bootie boo
She scan this, I scan this
Can suck and fuck me in the coupe

These countdowns ain't count start
