Hallelujah, my plug just send me 50, I got first right a refusal  
My bitches my main shooter, I might make my bitch go do you  
Donâ€™t bring your bitch around my chick, my bitch might jimmy choo her  
Itâ€™s gwap, I ainâ€™t hip hop, but I bet my diamonds bluer  
Got 3 spots, I got 2 drops and I ainâ€™t no nigga cooler  
Got 3 rings, I got 10 chains and I think Iâ€™m ricky ruler  
I Got Young niggas in my straight 8, cause thatâ€™s how I maneuver, Gucci!  
Make trap back, I had a flash back, when I shot at that intruder  
In a section, full of bad bitches, and they wanna smoke hooters  
Way I beat the block, way I work the track  
Make you think Iâ€™m a producer  
Inside your head, medusa, youâ€™re dumb head, you need a tutor

[Hook]

I might not buy a new Mercedes, but Iâ€™ma drive your ass crazy  
Thatâ€™s something she just done phase me  
The way she suck it, so amazing  
Iâ€™m bout to drive a bitch crazy,  
Thatâ€™s something she just done phase me  
Iâ€™m bout to make a bitch pay me, pay me  
You taking care of nigga baby  
Iâ€™m bout to drive a bitch crazy

Wave flag, no black car, flat back car, of 2 bars with 3 broads  
40 grands on my g stars, pinkslips donâ€™t lease ours  
Who the fuck you think we are, retard!  
Kief start this bricksquad, that candy touch your body part  
Trapped up like toll cars, goons have it real like the

druglords  
Got young shooters and dope guards  
My annals are dope boys, like a drugzar in a cold war  
Pistol whip a nigga with a crowbar  
Security guards they treling you, so we pulling up and  
shooting both cars  
Bag a nigga like a bag boy, paint a nigga like Mozart  
Say he lived his life as a KING PIN, thats why they find  
his ass in the junkyard  
Murder shit I know boy, I ainâ€™t really scared of no  
boy  
Couple of home boys and lil joy, and they all waiting to  
come home boy  
Got bricks all in my fender, bricks all in my floorboard  
And you know a nigga paid a low for it â€¦but respect  
me, I canâ€™t go for it  
All my hoes will fly for it, all my niggas will die for it  
I can tell a killer when I see one, you can say Gucci got  
an eye for it.
