[Hook: Gucci Mane]

The tints on my shit there look darker
Pouring up drank nigga, my shit darker
The kush came in this time look darker
I'm whipping up a brick and the work look darker
Kush came in this time look darker
Pouring up drank nigga my shit darker
The work came in this time look darker
And the tints on my shit there look darker

[Verse 1: Gucci Mane]

Dark tint on my soowoo red charger
The niggas round me drink lean not water
I could never hold a job down like my father
But I could hold a block and push the rock, Shawn
Carter
Bitches on my dick cause my skin real darker
Got a yellow bitch and The Devil Wears Prada
Got the narcs on me say my car tail got bothered
Big fish in little pond, get swallowed
Dark weed, super dark weed, Cali OG
Dark lean, super dark lean, straight codeine
Dark meat pretty brown bitch that adore me
Dark tint on my dark bent on a dark street

[Hook]

[Verse 2: Gucci Mane]

It's a dark night, had a gun fight with a dark clique
Set up by a dark skin bitch, she was dumb thick
Gucci Mane keep pulling up in darkly painted cars
Dropped the top on your bitch, now she looking at the
stars
Diamonds dancing on my wrist, you dancing with the
star
Gucci Mane so geeked up, he don't care you light or
dark ho
I just paid 300 cause didn't have nowhere to park ho
If Gucci Mane just bought why the fuck he paint it
darker

That shit was already hard, Now he made it harder
Cali kush, just touched down nigga and this pack a lil'
darker
Dog food bricks and cocaina them, now they look
darker
Dark skin brick I'm touching it and with it whipping away
from the water

[Hook]

[Verse 3: Chief Keef]

(Squad!)

I just bought six pints, they dark as fuck (Leaning)
Bitch I'm with the dart gang, don't think so we dart you
up
Bitch I'm with the art gang, don't think so we paint you
up
Them niggas ain't with us, them niggas lame as fuck
Bitch we the Black Disciples so our blood a lil' darker
I'm rolling in that Beamer big guwop in his charger
And we racing down your block like we ain't riding
Forgiatos
Disrespect So Icey Brick Squad we gon' drop you
Beat the lil' nigga ass like his father
On that Glo' Boys shit, you ain't with it we pop you
