[Verse 1:]

Please don't blow my capsule  
I'm first class flight to NASA  
Oh fight up and his candy

On Miley Cyrus wagging  
Scotty keep on telling me  
That this is nicer shit  
Scotty keep on telling me  
Don't be this kind of bitch  
Turning my dollar shit  
Hyper scribe all in my whip  
Hannah Montana sip on  
Only thing that I can whip  
All day fighting on free this swish  
Here alter begins the shit  
Ask them out what it might tool kush  
Barn freak what a nice round butt  
I don't watch play Jay I don't watch iced out  
My ice hear like the Jay in the light house  
Smoking on a bum with a bumper on the white house  
Good game we jusnk supposed to take your face  
Got a good headdown right on took her face

She wonder when a bitch poochie  
All I get the lean she want make the move
