[Hook:]

Girl after girl, girl after girl
Girls going wild I got girls kissing girls
Girl after girl, girl after girl
Girls going wild I got girls kissing girls

[Verse 1:]

Me her her and her, grab her by her hair
Big girls in here, girls touchin on girls
Get her by her garter, grab her by her heels
Make her pop a pill, still let her hit the blunt till
She feels like I feel, will not just cost a lil
Climb her like a hill, these hoes are for real
Me her and her friends, they look like they twins
She so fuckin fine that I touched her up again
Told her last time she can bring her other friend
Then I lost her number never seen again
The best brain in the world, do her thing with a girl
But don't call her yo girl, or let her hang with yo girl

[Hook: x2]
