[Hook]

Lotta nigga don't like me, swear they hate my guts
But they ain't gonna try me, they ain't got the guts
All my niggas grindin', y'ain't feel like us
I know you wanna try me but you ain't got the guts
You'll never be like me cuz you ain't got the guts
Got the guts, you ain't got the guts
Foreign thugs more or likely, bitch look at the guts
You'll never be like me cuz you ain't got the guts

[Verse 1]

I'm doin' it too much, my chain got them cuts
The last one for the dope boys, made this one for the
sluts
Every woman I touch, every car that I drive
Instantly I'm on my rise, I'm gon switch up all of my
decks
Peanut butter interior, switch it up, you serious?
Cadillac exterior like a woman on her period
I'm just ridin' around with your bitch
She tie us in on that itch
You like me cuz I'm rich but I treat a girl like shit (Gucci!
)
You wanna go to war but you don't have the nuts
To ever test Gucci you don't got the guts
Call the ambulance because my jury sick as fuck
Before you rob me, you rob the Raba army truck

[Hook]

Lotta nigga don't like me, swear they hate my guts
But they ain't gonna try me, they ain't got the guts
All my niggas grindin', y'ain't feel like us

[Verse 2]

Like weavers to the wall, go to bed don't pause
Wake up, splint swisher up, get ready the guts, fill it

with this kush
Speak from the heart come straight from my gut
Say huh nigga what? Yes you would, you ain't got the
guts
We the finesse sons, you know us
The streets put none before us
We get at it like vultures
I'm a general, I got soldiers
This year, hundred mill
I could feel it up in my guts
Talkin' money nigga, let's discuss the sit
You ate bitch? I'm disgusted
You think your car fast?
Pull it out, right now
Where your title? Pull it out
Race you for it, right now
You ain't got the guts, SLS look at their guts
Born in the gutter, it's in my genes to have these guts

[Hook]
