[Verse 1: Gucci Mane]

Well I bounce in past the bouncer, with a handgun and
a chopper...

Well I bounce in past the bouncer, with a handgun and
a rifle...

I might bounce in, me a bouncer, handgun and an
ounce

Young nigga with a shotgun, and a handgun, and a
rifle

Get pitched in, Iâ€™m a lifer - put my hand on the Bible

You walkinâ€™ fast, you need to slow up, hoe

Actinâ€™ lame, you need to grow up hoe

Got drank, Iâ€™m â€™bout to pour up hoe

I was broke, but I ainâ€™t broke no more

No place the God canâ€™t go

Trap rap, fuck hip-hop, hoe

Rambo with a loaded four-four

Commando, kick in your front door

JesÃ©s, Alejandro

Get your whole family killed like El Chapo

Lots of guap and escudo

Drop the top, Iâ€™m in a new Lamboâ€™

Let your daddy know, twin Calicos

And Iâ€™ll kill your ass if you like to gamble

County man, if your ass didnâ€™t know

Like kinda how I make your ass ran, hoe

Afghanistan, Iâ€™m a travelling man

And when I pull up, got an army van

You must live in Fantasy Land

Cut off you and your partnerâ€™s hand

Canon, man, Iâ€™m from the scrap

And Iâ€™ll leave your partnerâ€™s ass handicapped

[Hook: Gucci Mane]

Handicap, handicap, handicap, handicap

Run up on me and Iâ€™mma leave you handicapped

Handicap, handicap, handicap, handicap

I keep a pistol by me, Iâ€™ve got handy scraps

Handicap, handicap, handicap, handicap

Shoot you in your head, youse in your partnerâ€™s lap

Handicap, handicap, handicap, handicap

Guap like the wheelchair niggas, handicapped

[Verse 2: Big Bank Black]

Heard he beefin' with the mob, call him Two Wheel Willie

You ain't no gangster, pussy nigga, youse a World Star bully

That a key-boy gangster, talkin' tough as your train
We bustin' tommy guns, pussy, like back in the day
I run with butcher-knife killers, they might chop off your fade

I got them crazy young niggas, they might jump out the state

Godfather status - I might spit in your face

And don't be muggin' pussy nigga, slap that look off your face

And if you want it, come get it - all my niggas with it
Got Nuke and Squeak with me, you know the carbon spittin'

You know them niggas hittin', you know they gon' blast

If you fuck around and live, you in a body cast
