Please let me floss my jewelry
So much ice make ya eye sight blurry
(Jewelry, have on too much jewelry neva too much neva
too much, so much)
Jewelry, this aint even half my jewelry
It's gettin kinda cold n here I'm serious
(Jewelry, please let me rock my jewelry)
Everybody starrin cuz we rockin' big jewelry

Jewelry, people see me rock big jewelry
My jewelry talk 4 me baby girl don't u hear it?
Serious, this aint even half my jewelry
Red diamond charm's, my chain is on it's period
Fear it, so many people say it's very very slight flaws in
my necklace
Put my dawg on it, put me hard on second
Tell my auntie to bring all my bracelets
