Pass me the dÃ,Â's, light it up with ease, in a cirle full  
of GÃ,Â's, Smokin on them trees  
Pass me a cigar, and imma buss it down quick  
Pass me the purple, make sure that hoe is round and  
thick  
Break it down, fill it up, roll it up and light it  
And you know itÃ,Â's the bomb, soon as it get ignited  
Pimpin I canÃ,Â't even fight it, its callin me to smoke  
So I fire up another square and take another toke  
I be damn near goin broke  
And my girl say IÃ,Â'm wrong, Shit but

DEVIN THE DUDE

Kush is my cologne, I got many fragrances  
Shit gets so expensive but I hardly have to pay for shit  
Every puff is like a squirt, smell it all off in my shirt  
Coworkers give me compliments every time I go to  
work  
What kinda cologne you on?  
Dro is like my aftershave  
Have me feelin and smellin so good yo I don't have  
to bathe  
But by all means, I must keep my balls clean  
Make sure my dicks legit then I go take care the small  
things  
And it all seems worth it  
450's kinda steep but I deserve it  
Weed smell so loud that you think you heard that purp
