[Gucci Mane - Chorus]

I'm my best friend,  
and I'm my worst enemy,  
and no one else can hurt me unless I let them,  
is you feelin me,  
and misery loves company and I had my share of  
misery,  
no mystery, my infamy got me in hip hop history,  
First Tupac died then Biggie died,  
and that greatly impacted me,  
then history repeated itself through me and I make  
history,  
(it's gucci)  
so I don't turn around no more  
I look at whats in front of me,  
I'm focused on the future cos yesterday is history,

[Verse 1]

A hard head makes a soft ass  
didn't your mother teach ya that,  
pick a spot to beef with me and thats where I will meet  
ya at,  
well let me check my schedule,  
I'm free Tuesday 3 weeks from now,  
you bring your crew I bring my crew,  
just pick a town thats out of town,  
zone 6 is my stomping ground  
but i guess you know that by now,  
but everywhere you go you hear me,  
thats why your upset right now,  
â€¦ phantomâ€¦ but I'm in my vette right now,  
I raped the game without a rubber bank account  
so pregnant now,  
the day they tried to murder me a day I can't forget  
about,  
and I dont wish no death on homie,  
just want him to hear me out,  
think about the past and all the many things we talked  
about,  
think about all the people influenced by what comes out  
our mouth,

[Chorus]

[Verse 2]

I am not the perfect person,  
may don't spit the perfect verses,  
I wouldn't hurt a girl on purpose cus I feel they don't  
deserve it,  
I admit my words can hurt, I dissed tiny she didn't  
deserve it,  
our song didn't interpret it right and I'm sorry for it,  
T.I many times encouraged, told me face the game  
with courage,  
clay me some great advice and still today I thankful for  
it,  
Me, Jeezy and T.I share one thing in common (all  
opposed?),  
role model to young people tho at times man we still  
ignore it,  
and y'all gon owe respect to me and I don't like  
apologies,  
just diss me till you satisfied,  
i swear it doesn't bother me,  
sticks and stones will break my bones and bullets wont  
reflect off me but words and insults only show the  
World how ya'll respectin me,

[Chorus]

[Verse 3]

All my homies ain't my homies,  
hell, my friends no longer want me,  
im still hungry as I was when I did my first live  
performance,  
  
things I got I know they want it,  
things I done, they haven't done it,  
tho they say that they my friends  
I know that these n-ggas opponent  
we can joke and laugh and party  
but I know their smiles are phoney,  
but I still pray that the Lord give em all the things they  
wanted,  
all the money in the World can't get the joy I'm felling  
homie,  
like the (?) with a woman like you and not for your  
money,  
you can help someone and love someone but still they  
turn and burn you so hard,  
want you and revenge watch out cos so called friends,  
â€¦ and (?) said it best man will I ever know who my

friends through thick and thin cos so called friends will  
turn to foes.

[Chorus]
