Imma run out frunt to see me when you walked out
im in the candy old school witht the music up loud
baby wait until you see what i got parked outside
baby wait until you see what i got parked outside
baby wait until you see what i got parked outside
jusz wait until you see what i got parked outside

Now my vet is on â€~shanties and my dunk is on
crutches
the hummers on 8s just to make your bitch thirsty
outside now is a cutlas on buttons
it got so much pound you girl eardrums busy
a shool boy chevy and the rims are off mustard
a 66 muzzle got it smellin down cuesta
the lam hit morlen plaza need a ?? bubble
ridin tinted window cuzz my fan base doubled
i dropped the top in the summer bitches in trouble
before the door slam my 74 burt rubber
nex lght i seen the chick candy red rover
pulled up let the window down pull over

jusz wait until you see what i got parked outside

See the whips so big i feel im bout to fall bown
i gotta quarter pound of kush im bout to blow the house
down
baby wait until you see what i got parked outside
baby wait until you see what i got parked outside

i seen a red bone in a earth-toned lotus
i said im Gucci Mane la flare she said already knowin
i seen a red bone in a earth-toned lotus

Imma run out frunt to see me when you walked out
im in the candy old school witht the music up loud
baby wait until you see what i got parked outside
baby wait until you see what i got parked outside
baby wait until you see what i got parked outside
jusz wait until you see what i got parked outside

See the whips so big i feel im bout to fall bown
i gotta quarter pound of kush im bout to blow the house
down
baby wait until you see what i got parked outside
baby wait until you see what i got parked outside
