My stomach be filled with shrimp
Legs limping like a pimp
Cause they's on my fucking plane
Ways all in my temp
My mind it be on the prize
Hands on with the 9

Cause I am selling duncan & hines

Smoking switchers busting feelings
Bought two rari's spent the million

I drop the top like, "Fuck it"
I'm not in no lil' Cutlass
I pull up in a "What the... fuck I don't know was it"
I know it cost my budget
I know the bitches love it
I got haters disgusted
I'm smoking on that mustard
I'm east Atlanta and I say it loud
Got a black Ferrari because I'm black and proud
I got a yellow one, it's like salt and pepper
When I put 'em together they stand out
I'm a biker, hitchhiker- That's what you are with your
thumb out
Got a Spyker with some rims on it, and the back tires
they poke out
Got a lighter? Let me borrow that so I can smoke me on
this ganja!
Versace shades- Stevie Wonder. Can't see these

niggas they under
Your label's a sandcastle: it's about to crumble
Like Barry Sanders don't fumble
It's Gucci Mane knockin numbers (Gucci!)

[Hook:]

This watch right here cost ninety thousand Plain Jane
But I'm a put some watch off in it anyway
You haters they gonna hate on you like in a way
So I am gonna put some words on my shit anyway
Anyway in a way anyway way
I thought that I can find another any day
Any day in a way anyway in a way
It's not that hot outside but I'm a drop it anyway

[Outro:]
