The blueprint been laid, holy duplicated

Got yoru bitch up in the kitchen cooking eggs and shit  
Twerk it, bake it

Looking for some dusty shit to smoke on  
She so fine, need a bad bitch to poke on  
I love trap bitches, thats a grown foursome  
Put your hands up if your money real long  
Put your lighters up if you smoking real strong  
Got the strong pack in like incredible hulk  
Red diamonds on my wrist match these red chucks  
And if a duck want, that will be a dead duck  
They call my guap cause I got my bread up  
I put a do I bet I do I bet a red cup  
These niggas playin games now they got me fed up

Having money nigga, I aint havin paper problems  
Playin with the money, playin with the money  
Im having money nigga, I aint havin paper problems  
If I was going broke nigga Ill rob you

Its Gucci Mane le player I feel like nino at the call  
Only dippers bought it on an east atlanta chalk  
Used to get the work and the pills came from florida  
And you my protÃ©gÃ© but I can never ride to mars  
Hop a dose with your main hoe, calamari posh

In a ferrari california, and them forgiatos  
And your girlfriend say she pregnant  
But you know you not the father  
And my plug with a phantom pussy then I would have

Got on grinning when Im 95 cause I just came from  
boston  
Try to follow me on a95 but fuck it, I done lost em  
My amigo say dont like to fuck with bliss  
Cause all these niggas donr crossed them  
I cross the trash, run up the set  
These hoes say that Im awesome
