You dont need to be here baby you should be ashamed  
Baby let me help you, Ill be your shelter in the rain  
Let me be your doctor tell me where you feeling pain  
I can be your pill baby, I can keep you sane  
And I can be your whiplers, I can whip you off the chain  
I know you hurt, I grew up and my boys we off the chain  
Im the boss and spilling sauce  
Cause Gucci dont know how to sang

[Hook]

Im in this point of my life, and put a part of my life  
Im in this part of my life, that I dont really have time  
Come at this point of my life, girl would you set me  
aside  
Im at the point of my life, Im having sex with your mind

Its a lot of hustlers pour the water, from coast to coast  
Put your glasses in the air, I propose a toast  
Grab the pretty girl that you love the most  
Ladies grab your boyfriend, baby hold him close  
I got a girl flowing that she love me most  
Got another girl and she love my boat  
Got another girl to sell my dope  
Got another girl off to buy me clothes  
But aint you bae, now that aint you babe  
Its just someone I can do it then do you babe  
See it aint you babe, its me and you babe  
And there aint nothing else I can do but be with you,  
babe

[Hook]

Im in this point of my life, and put a part of my life  
Im in this part of my life, that I dont really have time  
Come at this point of my life, girl would you set me  
aside

Im at the point of my life, Im having sex with your mind.
