Do you remember when (remember when, remember when)

Do you remember when

Do you remember when
i met you girl
everything was alright

Do you remember when
we got a room
we was f*cking
all night

Do you remember the time girl...
like i remember the time girl.....

[Gucci:]

Girl you my type you just right
that blouse on you fit just right
Them jeans she got on skin tight
she sexy cool but still shy
im colder than a klondike
bipolar,
i got dumb ice
we know each other
we go together
like hamburger go with french fry
everything is alright
we'll never have a fist fight
but last night had a sex fight
that told her have a bless night
I'm leanin it
i'm meanin it
i falsely might hve dreams in it
in the club that way my team did it
the other night ima bring my queen it
i go get it
you bullshitted
i hit it d*mn right
the kid did it
you hood pretties

and hood chickens
please try to stay out my business
so south france
to south philly
from ATL
to North Memphis
from my city
to your city
lady got more swag
but not really

[Hook:]

Do you remember when
i met you girl

Do you remember when
