I'ma street nigga dog, everybody know that
So a hater get smashed, bond money on deck
Gave my dog half a brick for a '73 dunk
Got that bull frog, yeah, 'cause I know it gone jump
I'ma real street nigga, do you understand me?
I'ma walkin' bank roll, breezy rubber band me
Red monkeys on my ass, Gucci frames on my face
Got that Tony Tiger Kush, man, pimp it smoke great
Every time my phone ring, dog, it's 18-5
Only problem that I have is what car I'm gon' drive
I'm a real street nigga, I ain't never had shit
Man, this chain roun' my neck cost 4 or 5 bricks
I'ma street nigga dog, I don't love no bitch
I ain't talkin' to you baby 'less you buyin' 10 bricks
Bought a '06 Lamb with the butterfly doors
That's a quarter million dollars gone just to pull hoes
I'ma street nigga dog, I'ma street nigga dog
You a street nigga just like me
I'ma street nigga dog, I'ma street nigga dog
No industry, I'm in these streets
I'ma street nigga dog, I'ma street nigga dog
You a street nigga just like me
I'ma street nigga dog, I'ma street nigga dog
No industry, I'm in these streets
I'ma street nigga dog, hoes love my swag
And the Jacob on my wrist, that's a drop top jag
Bought a drop top vet and a super bad bitch
How much you thank it worth? About 95 bricks
Way back in '95 it was 95 cent
Now I'm 95 south with an R and B bitch
Every time I leave the house bring at least 10 grips
'Cause it's 2 or 3 stacks just to park my whips
Got a small amount of niggaz but a large amount of clips
And a blue Bent Coupe, same color as the crips
Mean mug on my face, nigga I ain't nothin' funny
60 grand on the Jac, nigga, time cost money
Got a quarter million plate, that's 18 blocks
When the cops try to whip me, man, I ain't gon' stop
I'ma real street nigga dog, I ain't gon' lie
Bought a pound of Bubba Kush just to get the clique high

I'ma street nigga dog, I'ma street nigga dog
You a street nigga just like me
I'ma street nigga dog, I'ma street nigga dog
No industry, I'm in these streets
I'ma street nigga dog, I'ma street nigga dog
You a street nigga just like me
I'ma street nigga dog, I'ma street nigga dog
No industry, I'm in these streets
I'm a street nigga dog so I love my whip
Car jack a street nigga, that's how niggaz get killed
I'm a street nigga dog so I love my block
Paid a junky three grams just to wash my drop
Street niggaz love me and I love street niggaz
Got a out of town trap, come twice a week nigga
I'ma East Atlanta vet, man, I ain't done yet
Bitches standin' in line just to wipe my sweat
If you make a good count then you're under good
check
Never beef with street niggaz dog, that's ya best bet
Street niggaz make a college bitch, panties so wet
To a project bitch, I'm the best it's gon' get
Street nigga of the year, yeah, dog that's me
Just to see my wrist twirl, man, it 18 G's
Gucci eatin' real good, dog, what about you?
I'm a street nigga dog, you a street nigga too
I'ma street nigga dog, I'ma street nigga dog
You a street nigga just like me
I'ma street nigga dog, I'ma street nigga dog
No industry, I'm in these streets
I'ma street nigga dog, I'ma street nigga dog
You a street nigga just like me
I'ma street nigga dog, I'ma street nigga dog
No industry, I'm in these streets
