Ft. Yelawolf

I'm too turnt up that I'm turnt that
I'm so â€¦ up, my lungs â€¦
I smoke too much, my kush smoke that
I ball too much, â€¦ fall that
I'm too turnt up that I'm turnt that
I ball too much, my â€¦ die
I smoke too much, my room smoked up
I ball too much, we just ball that

Elevated kush got me leaning like the Eiffel tower
I'm dreaming of a plate of powder
The pills got me tripping, I'm tripping
I missed my prescription, I'm slippin'
I'm a mad man, ask yelawolf I need a strait jacket
But I'm balling out and you ain't in my tax bracket
7 is the key, that white girl is a freak, I pass that bitch to
yellie, pass that back to me

I came in with Irene, I'm leaving with Codeine
I need to take a chill pill and then retreat from the
scene
But I'ma take this stand until my jaw hears you dig
I purchase â€¦ thats what Gucci mane did â€¦

I'm too turnt up that I'm turnt that
I'm so â€¦ up, my lungs â€¦
I smoke too much, my kush smoke that
I ball too much, â€¦ fall that
I'm too turnt up that I'm turnt that
I ball too much, my â€¦ die
I smoke too much, my room smoked up
I ball too much, we just ball that

Yeah, everyday I'm going back
I got so more like my dad than I thought I'd was
And I need more in fact
I â€¦ to the store like I had my â€¦up
Another party popping up, â€¦till I drop my cup
Sick â€¦ stop â€¦ speakers on the porch, bong full of

bud And the kids pumped up
Yeah that's right, cocaine got his boys scratching there
head like a head of lice
Bad look on the phone with a bitch when I thought I had
a hit, but instead it was a dike
So I came for just what Gucci mentioned â€¦
I got this party started, ready for the mike like a
starving artist
And I'm hard to start it, when its all said and done, if
anyone dies you can point the party at me...
Yeah, that's that's me
â€¦ ain't none of them ahead of me
â€¦ and cruch them, except for 3
Save them for the light ways, the 1 15's and the skinny
jeans
And I'll be the king of the scene, the scene with â€¦

I'm too turnt up that I'm turnt that
I'm so â€¦ up, my lungs â€¦
I smoke too much, my kush smoke that
I ball too much, â€¦ fall that
I'm too turnt up that I'm turnt that
I ball too much, my â€¦ die
I smoke too much, my room smoked up
I ball too much, we just ball that.
