Huh

1017

Goo-Wap

Drop top shawty

Burr!

Got these mothafuckas the long way today

Racks

[Verse 1]

I smoke like I'm Cheech and Chong

Sell dope like Nicky Barnes

Tats on my neck and arm

Like my kush very strong

Gucci, I'm such a don

Tell em I'm having fun

I'm having such a run

I threw ten thousand ones

I smoke like I'm Cheech and Chong

Sell dope like Nicky Barnes

Tats on my neck and arm

Like my kush very strong

Gucci, I'm such a don

Tell em I'm having fun

I'm having such a run

I threw ten thousand ones

I'm the trap King Kong

My jeans got them wings on em

Tell em to beam on em

I'm serving clean huh

High as a skydiver

Brick in a pile driver

Use to stand and pile it and serve all the truck drivers

I whip up that white flour

Zip up that white powder

Twist up that green ganja

More money, more damn power

A soldiers dies once but ten thousand does for a
coward

Miami's my second home

I'm shopping in --

[Chorus]

I'm sipping lean and feeling drowsy
What would the game be without me
I bet your girlfriend pussy lousy
I see your diamonds very cloudy
What would the game be without me
I'm sipping lean and feeling drowsy
I bet your girlfriend pussy lousy
I see your diamonds very cloudy

[Verse 2]

I got these girls going crazy like I was Elvis, nigga
They call me Gucci Goo-Wap, and I'm one hell of a
nigga
Got them chickens for sell, shit I can tell you a figure
I'm like Domino's, nigga
Call me, I deliver
I fuck yo girl and you scream and put that shit on your
Twitter
When I slap it it jiggle
I cut her off now she bitter
I'm the cream of the crop, bitch I'm the pick of the litter
How she bugging a nigga, I wish that I never hit her
She didn't have no ambition, she didn't have no
protection
I paid her no attention but didn't make it a issue
Wanna cry? Here's some tissue
You's a lie, say I kissed her
Confront Gucci bout a bitch and you'll get slapped with
a pistol

[Chorus]

I'm sipping lean and feeling drowsy
What would the game be without me
I bet your girlfriend pussy lousy
I see your diamonds very cloudy
What would the game be without me
I'm sipping lean and feeling drowsy
I bet your girlfriend pussy lousy
I see your diamonds very cloudy

[Outro - *Spoken*]
