And I don't wanna talk about it  
Gangsta shit right in front of you nigga walk around it  
Nigga let me do me  
They know I kick it like Jet lee Bruce lee  
And I've done what they can't do me I'll put my gun up  
to your aunt suzie  
And blow out a dubie paint her rubie I am a looney you  
niggas puny  
I puke on the beat I juke and never fumble  
Man I spit that dope like I swallowed the bundle  
Gotta spit that dope up cause the old heads said if you  
don't it'll bust  
Heard if I sell it hard it'll rush but if them people come  
if it's soft it'll flush  
Certainly don't get caught in the blind and keep yo  
curtain straight  
No I don't drink wine but I smoke purple grape  
sometimes see purple stars  
And I ain't talking about purple bapes  
I gets paid early cause I be workin late too many pain  
for memories shit hurt to say  
Crack flow no bake just stir and shake  
Shootin when we pull up like erkle waste  
Sip syrup got me movin at a turtle pace  
But quick draw pop out like a turtle face  
Paid in full you can't murk the ace  
I kill the beat and beat the murder case  
That's right I'm a kill this shit  
And if the glov don't fit  
I'm a need a catchers mitt  
Cause I'm high like a pitch yeah I'm high like a pitch like  
Mariah and shit  
I guess I'm higher than a bitch  
Keep it dirty like I'm lion in the ditch  
Like Eli I'm from new Orleans I'm a giant in this bitch  
Move the G and add an S and put the I before the N  
And put the A in front of that and that is what I am to  
the end  
That's a Saint muthafucka simplify it for them where  
your funeral comes with a 2nd line at the end yeah  
But you won't be second linin with them  
Cause you be in the hearse that's behind all of them

I see your homies dressed in black like they finna ride  
with  
But fashion statement is tell a lie  
I'm pelican fly Mack 11 inside  
My bullets come with wings and your cerebellum can fly  
fuckin right o yeah  
Young money we are  
Sick as gonorrhea  
Like nausea heart burn indigestion upset stomach and  
diarrhea
