Ok, she say she looking for a real nigga, not a buster
She say she looking for a go getter, if you a hustler tell
her

You looking at him baby, you looking at him baby, you
looking at him baby

I'm standing right here.

Ok, she say she looking for a real nigga, not a buster
She say she looking for a go getter, if you a hustler tell
her

You looking at him baby, you looking at him baby, you
looking at him baby

I'm standing right here.

Ok, let's keel this on a key low, got a stash that's filled
with c notes

I'm young money, money running, got more chips than
a casino

If you're looking for a real niggga, I ain't hard to find
girl

I'm standing right in front of you but I hit that from
behind girl

Real talk, I ain't lying girl, I can make you mine girl.

Got a fat ass and long hair, you look like a Hawaiian
girl

Come with me in my world, I can show you better things
Your ex man didn't step up, so he ain't my level main.

I could lay beside you, then I get inside you

Front stroke, back stroke, then I nose dive through

Big money baby, I got that whatever cash,

You can get whatever heels, you can get whatever bag.

Ok, she say she looking for a real nigga, not a buster
She say she looking for a go getter, if you a hustler tell
her

You looking at him baby, you looking at him baby, you
looking at him baby

I'm standing right here.

Ok, she say she looking for a real nigga, not a buster
She say she looking for a go getter, if you a hustler tell
her

You looking at him baby, you looking at him baby, you

looking at him baby
I'm standing right here.

Yeah, hustler of the year, if you looking for a nigga with
paper, look over here
Yeah I got my shit together, butter soft leather,
And the outside of my whip is all chrome like my
beretta
Young money forever, I'm getting to this cedar
All the bad chicks want me, fuck all the things I
endeavor
I am clever, and I might add, I'm better than your last
man
You got a bright future, throw your past in the trash can
LV handbags, Gucci or whatever, you deserve it, and
you worth it, so I spend that little cash
And think some, its gudda baby, fly no landing gear
You looking for the right man, the man is standing right
here.

Ok, she say she looking for a real nigga, not a buster
She say she looking for a go getter, if you a hustler tell
her
You looking at him baby, you looking at him baby, you
looking at him baby
I'm standing right here.
Ok, she say she looking for a real nigga, not a buster
She say she looking for a go getter, if you a hustler tell
her
You looking at him baby, you looking at him baby, you
looking at him baby
I'm standing right here.

You looking at him baby, you looking at him baby, you
looking at him baby
I'm standing right here.
