Oh yeah, oh yeah, oh baby  
Oh, oh, oh, oh, oh baby, oh yeah

I remember when I met you on Crenshaw  
I almost crashed my truck and spilled my Hen' dawg  
Yes you, God blessed you, I was trying to get next to  
you

Your homegirls was hating, but I didn't care  
You said you had a man, I was like, "Where?"  
It was something so different about you  
I felt so gifted around you

Even though you had a man and all  
I took the chance to call, we held hands at the mall  
That day was so special to me  
Your man left you at Mickey D's

You called me, I scooped you up  
I seen fear in your eyes, the tears in your eyes  
He can't hug you how I hug you  
Better yet love you like this thug do

You're so special, you're the one but you're already  
taken  
Oh, I can't help the way I'm feeling  
You're the one, I wish, I could replace him  
'Cause I know that baby you're the one

I'm having the time of my life felt the world on wheels  
You and your homegirl got some skills  
Nobody make me feel like you do  
Or better yet real like you, I messed around and killed  
dude

I seen homegirly just flossin', we made eye contact  
Dude always is flossin', me never  
You and B L A C K forever  
Tattered on my neck in green letters

Late night eating Hagen-daz, watching Uncut  
And me sitting there, playing wit your butt

Took off your clothes, I hit it on the couch  
Even though mom's in the house

Nothing could replace this feeling  
It's like winning 2 million, our bond closer than Sicilians  
I know old boy, won't leave you alone  
I know you love him, but our love is strong

You're so special, you're the one but you're already  
taken  
Oh, I can't help the way I'm feeling  
You're the one, I wish, I could replace him  
'Cause I know that baby you're the one

I couldn't leave well enough alone, hell I had to hit ya  
cell phone  
I left you a message, it went like this, "I love you,  
muah"  
I guess it's my luck, I goes to the Magic  
Damn, ain't that his truck?

I guess you wit him, screw him  
If it wasn't for you, I'd have to do him  
You seen 'em at Jack In The Box  
He was mackin' a lot, to some rats in a drop

Now you call The Beat and The Power  
Dedicate songs every hour all Hell done  
Broke loose he got your pass code  
To your cell and my Nextel shirt too

I guess it's time for you to decide  
Which one of us you want in your ride?

You're so special, you're the one but you're already  
taken  
Oh, I can't help the way I'm feeling  
You're the one, I wish, I could replace him  
'Cause I know that baby you're the one

You're so special, you're the one but you're already  
taken  
Oh, I can't help the way I'm feeling  
You're the one, I wish, I could replace him  
'Cause I know that baby you're the one
